in the spotlight

Energy. It is expensive. It's production and consumption impacts the earth's environment. Without it the quality of life of all AF personnel decreases significantly. It costs the AF over \$700M per year. And the Federal Government is mandated by Presidential Executive Order 13123 – Greening the Government Through Efficient Energy Management, issued 3 June 00, to reduce energy consumption by 35% by the year 2010 as compared to usage in 1985 and reduce water consumption. For these reasons everyone in the Air Force has a vital interest in how energy is procured and used. AFCESA is tasked to develop

January 2000 CerTest Test Update

Before you can copy any of the new/updated tests into CerTest, you must first run the **CerTest_Specialty_Update.exe** program. This will add the new 3E8X1 EOD specialty to CerTest and rename several tests.

Downloading **CerTest_Specialty_Update.exe**

1. Download the **CerTest_Specialty_Update.exe** file and save it in the CerTest folder you wish to update (usually C:\CERTEST).
2. Using Windows Explorer, go to your CerTest folder and run the CerTest_Specialty_Update.exe program.
3. Once you have successfully completed the update, you may

January 2000 CerTest Test Update

Before you can copy any of the new/updated tests into CerTest, you may have problems downloading a file of this size. If so, you may download the tests in twelve smaller files organized by specialty (see steps 3B through 13B). Follow the appropriate directions below based on your choice.

WARNING: If you do not run **CerTest_Specialty_Update.exe** before attempting to copy any of the tests from this website into CerTest, you will experience errors, the tests will not be copied, and you may corrupt your CerTest system.

After you have loaded and run the **CerTest_Specialty_Update.exe** program, [click here to download load the tests.](#)
